

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### CHEMICAL OR RADIOLOGICAL MAXIMUM CONTAMINANT LEVEL (MCL) EXCEEDANCE

ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.

#### Duncannon Municipal Water Has Levels of Arsenic Above Drinking Water Standards

Our water system recently violated a drinking water standard. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct this situation.

We routinely monitor for drinking water contaminants. Testing results we received on 12/28/2021 show that our system exceeds the standard, or maximum contaminant level (MCL), for Arsenic. The standard for Arsenic is 0.010 mg/l. Arsenic was found at a level of 0.012 mg/l in your drinking water.

#### What should I do?

- There is nothing you need to do. You do not need to boil your water or take other corrective actions. However, if you have specific health concerns, consult your doctor.
- If you have a severely compromised immune system, have an infant, are pregnant, or are elderly, you may be at increased risk and should seek advice from your health care providers about drinking this water.

**You do not need to use an alternative (e.g., bottled) water supply.** However, if you have specific health concerns, consult your doctor.

#### What does this mean?

This is not an immediate risk. If it had been, you would have been notified immediately. However, Duncannon Municipal Water continues to consult with PADEP to remedy this issue.

**What happened? What was done?** Arsenic sampling required by PADEP resulted in an exceedance of the Maximum Contaminant Level (MCL) for Arsenic which is 0.010 mg/l.

We anticipate resolving the problem within a reasonable timeframe. In an effort to address this issue, we continue to work closely with PADEP to reduce the Arsenic levels.

For more information, please contact Duncannon Municipal Water at 717-834-4311.

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Duncannon Municipal Water.
